This is a research project People First of Canada is working on together with Community Living Ontario and L'Arche Canada.

We are looking for people to take our survey about federal financial services. This includes programs like the **Disability Tax Credit** and the **Registered Disability Savings Plan**. It also includes **banking services** and the **Canada Disability Benefit**.

We want to ask you questions about these programs. We want to know about your experiences with these programs.

Who can take the survey?

This survey is only for the following people.

- People labelled with an intellectual or developmental disability
- or
- Trusted people in the life of a person with an intellectual or developmental disability

"Trusted people" can be a parent or family member. They could also be a guardian. Or they can be another adult who provides support to a person with an intellectual disability.

If you are doing this survey on your own, it might be a good idea to look up your financial information before you do the survey. Or ask someone for support.

You can fill out the survey online on a computer or cell phone.
